

Support a child

In Medellín, Comuna 3, we work in the communities Carambolas and Bello Oriente with children living in a slum, the lowest social economic level of Medellín. Parents and guardians often do not have the means to take good care of their children. To give these children a chance, you can support one specific child. With your contribution you can ensure that the child goes to school and participates one of the various activities of the foundation. This increases the future perspective of the child.

The foundation does its best to find the right families and children who really need this help.

Contribute

You can support a child in two different ways;

Basic

Per month €20,- / \$22,- USD Per year

€240,- / \$264,- USD

To let the child participate in the activities of the foundation.

Breakdown of costs:

- €10,- for the activity and the accompaniment
- €8,- for food packages or other necessities.
- €2,- administration costs 'Support a child'

Basic + Study and Work

Per month €30,- / \$33,- Per year €360,- /

\$396,- USD

To support the child with activities and contribute for a study.

Breakdown of costs:

- €10,- for the activity and the accompaniment
- €8,- for food packages or other necessities.
- €2,- administration costs 'Support a child'
- €10,- save for 'Study and Work'

Study and work

The foundation provides guidance for a number of youth and gives them the opportunity to study. In addition, the foundation pays expenses such as transport and school supplies. For one year to the public university, the costs for supervision, transport and supplies are about € 1,200 per year.

With your monthly contribution, the foundation can save for a study, whereby it is our goal that the child you support can also study when he/she finishes secondary school.

Agreement

If you decide to contribute to the "Support a child" project, we will find out which child, which family needs support. You receive from the foundation:

A short story with background information about the family and child with:

- Name
- Age
- Family composition
- Future dream of the child

There are at least 2 contact moments per year.

- Mid-year
- Before Christmas
